

Fish Kill Blog Post and Presentation Grading

Names: _____

Blog Post on NemoQuiz.com

| | |
|--|------------|
| An appropriate graph is included in blog post. | /4 |
| The graph has an informative title and Y axis label. | /1 |
| Basic info is included (from NemoQuiz.com / Workbook / Textbook). | /4 |
| Additional info is included from the web above and beyond the basic info provided. | /4 |
| Two or more reliable sources are linked in the blog post. | /2 |
| Total | /15 |

Visual Aid (may be the blog itself or a separate visual aid)

| | |
|---|-----------|
| Visual aid is easily readable to the audience, including the information on the graph: high contrast colors are used for text, large font size pictures not used as a background for text, no dumb / hard to read fonts selected. | /1 |
| Amount of text is appropriate: small chunks, not sentences and paragraphs. | /1 |
| Visual aid looks nice and professional; something is included beyond bare black and white text, such as a picture. | /1 |
| Total | /3 |

Presentation

| | |
|--|------------|
| Presenters speak clearly and loudly enough to be heard anywhere in the room. | /1 |
| Presenter makes eye contact with the whole student group, not just the teacher. | /1 |
| Presenter is NOT reading word for word from the visual aid; instead, the presenter talks about the topic while the visual aid has little phrases or other visual cues to keep the audience on track. | /4 |
| Presenters seem reasonably knowledgeable about their topic; they have done some reading to learn about it, and everybody in the group understands the content well enough to talk about it and answer basic questions. | /4 |
| Total | /10 |
